STEWART'S PATENT CAST IRON GAS and WATER PIPES

Office, No. 7, Size-lane, London.

PATENT WROUGHT NAILS.—These NAILS

are submitted to the notice of Builders, Contractors, and Ship-builders as being superior to any others, and cheaper. They have the toughness of the best hand-made nails, with far greater uniformity of make. The flat-pointed rose nails are particularly recommended wherever oak or other hard wood is used; being perfectly chisel-pointed, they require no boring, and will drive into the hardest wood without splitting it and their heads, being very strong, do not fly off. The cement wrought nails may be had of all Ironmongers. A stock of them is kept at the warehouse of the agents, HOGGS and GEORGE, Wholesale Ironmongers, 179, Borough, London.
